(in July, 1931, newspapers all over the world reported on the front page that two Hungarian pilots, Alexander Magyar and George Endress crossed the Atlantic Ocean from the United States to Hungary in a Lockheed-Sirius airplane named "Justice for Hungary." The flight was intended to call attention to the dismemberment of Hungary after World War I. It was a spectacular success. On July 15, 1931, the trans-Oceanic flight left Harbor-Grace for Budapest on a non-stop flight of 26 hours and 20 minutes (Charles Lindbergh\s flight in 1927 took six hours longer) and marked the first time that an airplane crossing the ocean had radio contact both with the starting and landing aerodromes. It was also the first time such a flight was used for political purposes. The pilots were received as heroes in Budapest), 70

He later served on the staff of General J. E. Johnston, at which time he assisted these two officers in designing the Confederate battle flag. Transferred to the Trans-Mississippi under General Van Dorn, Cabell was of great service after the Battle of Elkhorn, when he ferried the latter`s entire command to the eastern bank of the Mississippi River. Later, he was appointed brigadier general to rank from January 20, 1863. Hinweise für das ONLINE LIVE BIETEN
Recommendations for ONLINE LIVE BIDDING

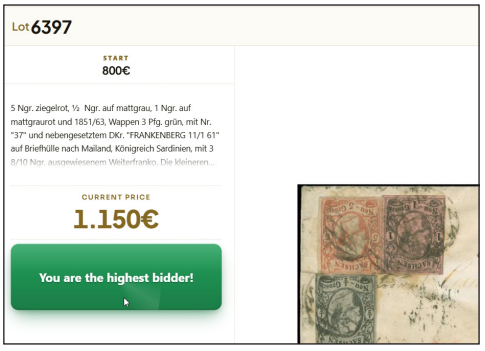

Stellen Sie zunächst sicher, dass Ihre Ausstattung heutigen Anforderungen genügt und Sie den Google Chrome Browser nutzen können.

Make sure, your software and hardware is on today's standard and that you can use the Google Chrome browser.

- Setzen Sie sich selbst für Ihre Lose vor dem Bieten entsprechende Limits bis zu denen Sie bieten wollen.
- Bieten Sie schnell! Sobald der Bietknopf auf Ihrem Bildschirm es zulässt, sollten Sie sofort reagieren. Schnelles Bieten ist nicht nur taktisch klüger, sondern auch wichtig, um sicherzustellen, dass Ihre Gebote rechtzeitig den Auktionator erreichen. Langsames Bieten kann dazu führen, dass Ihre Gebote zu spät ankommen, Lose vorzeitig zugeschlagen werden und Ihre Gegenbieter Stücke unter Ihrem persönlichen Limit erhalten.
- Klicken Sie auf den großen Button „Gebot abgeben", um Ihr Gebot zu platzieren.
- Sie können Gebotsstufen überspringen, indem sie rechts am Rand des Bietsymbols auf das "+"-Zeichen klicken – auch mehrmals – und dann "Gebot abgeben" drücken.
- Bitte bleiben Sie, nachdem das von Ihnen bebotene Los zugeschlagen wurde (egal, ob Ihnen oder einem Gegenbieter), noch für einige weitere Lose am Bildschirm und behalten Sie den Auktionsverlauf im Auge. Bedenken Sie, dass der Auktionator die Möglichkeit hat, Lose bei Bedarf erneut aufzurufen.

- *Before bidding, set limits for your lots up to which you want to bid*
- *Bid quickly! As soon as the bid button on your screen permits, you should react immediately. Fast bidding is not only tactically smarter, it is also important to ensure that your bids reach the auctioneer on time. Slow bidding can result in your bids arriving too late, lots being knocked down before arrival of your bid and your counter-bidders winning those items below your personal limit.*
- *Click on the large "Place bid" button to place your bid.*
- *You can skip bidding steps by clicking the "+" sign on the right-hand side of the bidding symbol – even several times – and then pressing "Place Bid".*
- *After the lot you have bid on has been knocked down (whether to you or to an opposing bidder), please remain at your screen for a few more lots and keep an eye on the auction progress. Remember that the auctioneer has the option of re-opening sold lots if necessary.*

Allgemeine Versteigerungsbedingungen

1. Die Versteigerung erfolgt ausschließlich in fremdem Namen und für fremde Rechnung.
   Der Versteigerer ist berechtigt, die Rechte des Einlieferers aus dessen Auftrag und aus dem Zuschlag im eigenen Namen geltend zu machen.
2. Den Zuschlag erhält der Höchstbietende. Der Versteigerer hat in begründeten Fällen das Recht, den Zuschlag zu verweigern, Lose zurückzuziehen, umzugruppieren oder aufzuteilen. Bei gleich hohen Geboten entscheidet das Los. Ein Bieter bleibt an das abgegebene Gebot gebunden, wenn ein nachfolgendes Übergebot ungültig ist oder vom Versteigerer sofort zurückgewiesen wird. Der Versteigerer kann den Zuschlag zurücknehmen und das Los erneut anbieten, wenn irrtümlich ein rechtzeitig abgegebenes höheres Gebot übersehen worden ist oder wenn sonst Zweifel über den Zuschlag bestehen. Der Versteigerer kann unter dem Vorbehalt der Genehmigung des Einlieferers zuschlagen. Der Bieter bleibt dann an sein Gebot 4 Wochen ab dem Tag des Zuschlags gebunden. Bei einem Zuschlag unter Vorbehalt kann die Position ohne Rückfrage an einen anderen Limitbieter abgegeben werden.
   Mit dem Zuschlag kommt zwischen dem Einlieferer und dem Ersteigerer ein Kaufvertrag zustande.
3. Schriftliche Aufträge werden in jedem Fall gewissenhaft und interessewahrend, jedoch ohne Gewähr, ausgeführt. Die gebotenen Höchstpreise werden nur soweit ausgeschöpft wie es nötig ist, sonstige Gebote zu überbieten. Bei Geboten mit „bestens" kann der Versteigerer bis zum Dreifachen, bei Höchstgebotsaufträgen (z.B. „höchst", „auf alle Fälle", „bis Ultimo", „kaufen") bis zum Zehnfachen des Ausrufpreises bieten. Das Mindestgebot für Auktionslose ohne Schätzpreis bzw. Schätzpreis „Gebot" beträgt EUR 10,-. Online-Direkt-Gebote über das Internet bedürfen der vorherigen Anmeldung beim Versteigerer und dessen Zustimmung. Für die Bearbeitung übernimmt der Versteigerer jedoch keine Gewähr, er haftet, insbesondere nicht für das Zustandekommen der technischen Verbindung. Das Widerrufs- und Rückgaberecht bei Fernabsatzverträgen findet auf solche Gebote keine Anwendung (§ 312dAbs.4Nr.5BGB).
4. Der Versteigerer erhält vom Käufer eine Provision von 22 % des Zuschlagspreises sowie EUR 1,50 je gekauftem Los. Die Kosten für Porto, Verpackung, Versicherung und ggf. Import (Zusammen: „Sonstige Leistungen") werden den Käufern in Rechnung gestellt. Die auf Provision und sämtliche sonstigen Leistungen (=Spesen) anfallende Mehrwertsteuer (derzeit 19 %) wird gesondert in Rechnung gestellt. Dies gilt auch für die Mehrwertsteuer auf Lose (derzeit 7 %), die mit einem Kreis (°) gekennzeichnet sind. Lieferungen in Drittländer sind gegen Vorlage des Ausfuhrnachweises von der USt. auf die Provision, auf Spesen, Losgebühr und eventuell Lospreis befreit. Lieferungen an Abnehmer aus anderen EU-Ländern mit UID-Nr. erfolgen unter Anwendung des Reverse-Charge-Verfahrens, d.h. die Provision, die Spesen und die Losgebühr unterliegen nicht der deutschen Umsatzsteuer; der Käufer ist in diesen Fällen verpflichtet, die USt. in seiner USt.-Erklärung in seinem Heimatland anzugeben.
5. Der Zuschlag verpflichtet zur Abnahme. Saalbieter haben die Kaufrechnung sofort auszugleichen, bei schriftlichen Bietern wird die Auktionsrechnung mit Zustellung fällig. Während oder unmittelbar nach der Auktion ausgestellte Rechnungen bedürfen einer besonderen Nachprüfung und eventueller Berichtigung; Irrtum vorbehalten. Wer für Dritte bietet, muss seine Vertreterstellung vor Beginn der Versteigerung offenlegen; andernfalls kommt der Kaufvertrag mit dem Bieter zustande.
   Bis zur vollständigen Zahlung - bei Zahlung durch Scheck oder Wechsel bis zur Einlösung - bleiben die Lose Eigentum des Einlieferers. Ein Anspruch auf Herausgabe der ersteigerten Lose besteht erst nach vollständiger Kaufpreiszahlung. Kosten des Geldverkehrs gehen zu Lasten des Käufers.
   a) Behandlungsverbot: Solange der Kaufpreis nicht vollständig bezahlt ist, ist der Käufer verpflichtet, die Lose pfleglich zu behandeln. Insbesondere ist es bei Münzen, Medaillen und Banknoten untersagt, diese zu reinigen, chemisch zu behandeln, zu polieren oder sonstige Eingriffe vorzunehmen.
   b) Geldwäschegesetz (GwG): Der Versteigerer ist gesetzlich verpflichtet, Bieter und Käufer zu identifizieren. Bieter verpflichten sich, die notwendigen Legitimationsdokumente (z. B. Personalausweis, Handelsregisterauszug) auf Nachfrage zur Verfügung zu stellen.
6. Ist der Käufer mit seiner Zahlung in Verzug, werden Zinsen in Höhe von 1 % pro angefangenem Monat berechnet. Der Zinssatz kann höher oder niedriger angesetzt werden, wenn der Versteigerer eine Belastung mit einem höheren Zinssatz oder der Käufer eine geringere Belastung nachweist; der Zinssatz liegt aber mindestens 5 % über dem Basiszinssatz pro Jahr. Kommt der Käufer seiner Zahlungsverpflichtung nicht nach oder nimmt er die ersteigerten Lose nicht ab, so ist der Versteigerer berechtigt, vom Ersteigerer einen pauschalen Schadensersatz von 25 % der Zuschlagsumme als Ausgleich für entgangene Einlieferer- und Käuferprovision sowie entstandene Aufwendungen zu verlangen, sofern der Käufer nicht nachweist, dass ein Schaden überhaupt nicht oder nicht in der Höhe der Pauschale entstanden ist. Die Geltendmachung eines nachgewiesenen höheren Schadens durch den Versteigerer bleibt unberührt.
7. Die Versendung ersteigerter Lose erfolgt auf Rechnung des Käufers. Die Gefahr geht auf den Käufer über, sobald die Ware versandfertig der Post übergeben worden ist. Der Versteigerer bietet für die Versendung eine Transportversicherung an, deren Kosten der Käufer zu tragen hat.
   Soweit für den Versand von Kunst- oder Kulturgütern (insbesondere Münzen) ins Ausland eine Ausfuhrgenehmigung nach dem Kulturgutschutzgesetz (KGSG) erforderlich ist, entbinden etwaige behördliche Verzögerungen oder eine Versagung der Genehmigung den Käufer nicht von seiner Verpflichtung zur fristgerechten Abnahme und Bezahlung des Kaufpreises.

8. Die zur Versteigerung kommen Sachen können vor der Auktion besichtigt und geprüft werden. Die Katalogbeschreibungen sind keine Garantien für die Beschaffenheit der Sachen. Der Versteigerer übernimmt keine Haftung für Mängel. Er verpflichtet sich jedoch, Mängelrügen, die ihm rechtzeitig angezeigt werden, unverzüglich an den Einlieferer weiterzuleiten. Im Falle einer Rückabwicklung des Kaufvertrages erstattet der Versteigerer dem Erwerber das Aufgeld; ein darüber hinausgehender Anspruch ist ausgeschlossen.
   Reklamationen bezüglich offener Mängel müssen innerhalb von 10 Tagen nach Übergabe oder Zustellung der Lose bei dem Versteigerer eingegangen sein. Der Versteigerer kann zum Nachweis der Mängel vom Käufer auf dessen Kosten die Einholung von Prüfattesten durch zwei voneinander unabhängige Spezialprüfer verlangen. Bei Sammlungen, Sammellosen oder sonstigen Großlosen sind Reklamationen jeglicher Art, insbesondere im Hinblick auf Qualität und Quantität ausgeschlossen. Sofern die Beschreibung nichts Anderes ausweist, sind angegebene Katalogwerte unverbindlich. Lose, die bereits mit Fehlern beschrieben sind, können wegen weiterer kleiner Mängel nicht reklamiert werden. Fehler, die sich aus den Abbildungen ergeben (Schnitt, Zähnung, Stempel, Zentrierung usw.) können nicht zum Gegenstand einer Reklamation gemacht werden.
   Jede Reklamation ist ausgeschlossen, wenn Lose oder Marken verändert worden sind. Als Veränderung gelten insbesondere auch das Entfernen von Falzen, Falz- oder Papierresten, Wässern, Behandlung mit Chemikalien und Anbringen von Zeichen jeder Art. Erfolgt ein Zuschlag unter Vorbehalt der Prüfung, wird diese vom Versteigerer veranlasst, wenn vom Bieter nicht anders bestimmt; die Kosten trägt der Käufer. Durch die Abgabe eines Gebotes auf bereits geprüfte Marken oder auf Marken mit Attest werden die Prüfzeichen bzw. Atteste, die dem Käufer zur Einsicht bzw. Kenntnisnahme zur Verfügung stehen, von diesem als maßgebend anerkannt, es sei denn, der Bieter hat sein Gebot unter Vorbehalt der Bestätigung durch einen von ihm bestimmten und von dem Versteigerer akzeptierten Sachverständigen abgegeben.
   Marken, die eindeutig als Fälschung ermittelt werden, können von den Prüfern als solche gekennzeichnet werden. Der Auktionator ist berechtigt, den Käufer mit allen Reklamationen an den Einlieferer zu verweisen.

8.1. Besondere Bestimmungen für Münzen, Medaillen und Numismatik:
   a) Echtheitsgarantie: Die Echtheit der angebotenen Münzen und Medaillen wird bis zur Höhe des gezahlten Kaufpreises (Zuschlag zzgl. Aufgeld) garantiert. Erweist sich ein Stück wider Erwarten als Fälschung, beschränkt sich die Haftung des Versteigerers auf die Rückerstattung des Kaufpreises gegen Rückgabe des Stücks im unveränderten Zustand. Weitergehende Ansprüche sind ausgeschlossen.
   b) Spezifische Münzmängel: Katalogbeschreibungen und Erhaltungsangaben stellen persönliche Beurteilungen dar. Reklamationen wegen Mängeln an der Erhaltung sind nach erfolgtem Zuschlag ausgeschlossen, sofern es sich nicht um verdeckte Mängel handelt (z. B. irrtümlich übersehene Henkel- oder Fassungsspuren, gestopfte Löcher, Schleifspuren oder verdeckte Randfehler).
   c) Erhaltungsangaben sowie sonstige Beschreibungen, insbesondere bei Münzen und Medaillen, stellen die fachliche Einschätzung des Versteigerers dar und begründen keine Beschaffenheitsvereinbarung oder Garantie einer bestimmten Bewertung. Eine abweichende Beurteilung oder Bewertung durch Grading-Unternehmen (z. B. PCGS, NGC oder vergleichbare Unternehmen) berechtigt für sich allein weder zur Beanstandung noch zur Rückabwicklung des Kaufvertrages.
   d) Grading-Services und Kapseln („Slabs"): Der Versteigerer übernimmt keine Verantwortung dafür, dass versteigerte Stücke von externen Grading-Unternehmen (z. B. NGC, PCGS) akzeptiert werden oder dieselbe Erhaltungsstufe erhalten wie im Katalog angegeben. Bei Münzen in versiegelten Plastikholder-Kapseln („Slabs") wird keine Haftung für verdeckte Mängel übernommen, die durch die Kapsel verdeckt werden. Das Öffnen oder Beschädigen der Kapsel führt zum Erlöschen der Echtheitsgarantie und jeglicher Gewährleistung.

9. Wir behalten uns zudem vor, Daten über schwerwiegende Leistungsstörungen (z.B. versuchte Betrugsfälle, Ausfall anerkannter, trotz zweifacher Mahnung unbestrittener oder rechtskräftig titulierter Forderungen) auch Dritten zugänglich zu machen, wenn dies in unserem berechtigten Interesse an einer Rechtsverfolgung oder dem Schutz des Auktionswesens vor Schäden liegt oder diese hieran ein berechtigtes Interesse nachweisen. Das können beispielsweise Strafverfolgungsbehörden, Wirtschaftsauskunfteien aber auch andere Auktionshäuser sein.
10. Die vorgenannten Versteigerungsbedingungen gelten sinngemäß auch für den freihändigen Verkauf; die Bestimmungen über Fernabsatzverträge finden darauf keine Anwendung.
11. Erfüllungsort und Gerichtsstand für den kaufmännischen Verkehr ist Wiesbaden. Es gilt ausschließlich deutsches Recht.
12. Mündliche Abreden sind nicht getroffen. Änderungen oder Ergänzungen dieses Vertrages bedürfen der Schriftform.
13. Sollte eine der vorstehenden Bestimmungen ganz oder teilweise unwirksam sein, wird die Gültigkeit der übrigen davon nicht berührt.

General Conditions for Auction

1. The auction is held exclusively on behalf of and for the account of third parties.
   The auctioneer is authorized to pursue in his own name all rights and claims arising from the vendor's instructions or the knocking down of lots.
2. Lots are knocked down to the highest bidder. The auctioneer has the right in justified cases to refuse to knock down a lot, and to withdraw, combine and divide lots. Equal bids are determined by drawing lots. A bidder is bound by his bid if it is followed by a higher bid which is invalid or which is immediately refused by the auctioneer. In case that a higher bid, which was placed in time, erroneously was overlooked or in any other cases of doubt, the auctioneer may cancel the knocking down and reoffer the lot. The auctioneer may knock down a lot subject to the seller's subsequent approval. The bidder is then bound by his bid for a period of four weeks from the date of making the bid. In case of a lot being knocked down subject to approval it can, however, be sold to another limit bidder without further inquiry. On the fall of the hammer a contract is established between the seller and the buyer. The auctioneer is legally bound, if so requested, to divulge the seller's name to the buyer and the buyer's name to the seller.
3. Written orders to bid will be executed conscientiously and safeguarding the client's interests, but without recourse. The maximum prices as offered will be exhausted only to the extent as necessary to overbid other offers. In case of a bid "at best" the auctioneer may bid up to three times the start price, in case of bids "at any price" or "buy" up to ten times. The minimum bid for lots without estimate or for lots marked with "Gebot" is EUR 10,-. Online bidding via the Internet requires the consent of the auctioneer prior to the auction. For processing of the online bids the auctioneer takes no responsibility, espacially not in regards to the state and/or quality of the internet connection.The distance contracts laws (Fernabsatzverträge) regarding withdrawals and returns do not apply (§ 312 para 4, No. 5 BGB).
4. The auctioneer receives a commission from the buyer of 22% of the hammer price plus EUR 1,50 for each purchased lot. The buyer will be charged with the cost of postage, packing, insurance and the cost of import (in total=expenses) if necessary.
   Value added tax (currently 19%) on the auctioneer's commission and expenses together with value added tax on the hammer price (currently 7%) if applicable will be invoiced separately. Supplies to Non-EU-Member States are exempted from VAT on commission, expenses and hammer price with presentation of relevant export documents. Supplies to EU customers outside Germany holding an EU VAT-ID-Number underly the "Reverse Charge System", i.e. for commissions and expenses the German VAT does not apply; the buyer is obliged to include the respective VAT in his/her VAT declaration in his/her home country.
5. Bidders are obliged to take over lots knocked down to them. Invoices to room bidders are payable immediately, all other invoices are payable upon receipt. Invoices issued during or immediately after the auction are subject to review and possible amendments; errors reserved. Persons bidding for third parties should make this known to the auctioneer before the auction; otherwise they may be deemed to be the buyer.
   Lots remain the property of the seller until payment has been made in full which includes clearance of any cheques and payment of any bills of exchange. The buyer has no right to request delivery of any lots until payment has been made in full. The costs of the money transfer are to be borne by the buyer.
   a) Prohibition of handling / alteration: As long as the purchase price has not been paid in full, the buyer is obliged to handle the lots with care. In particular, in the case of coins, medals, and banknotes, it is prohibited to clean, chemically treat, polish, or otherwise alter them.
   b) Money Laundering Act (GwG): The auctioneer is legally obligated to identify bidders and buyers. Bidders undertake to provide the necessary identification documents (e.g., identity card, extract from the commercial register) upon request.
6. If payment is delayed, interest will be charged at 1% per month or part month. This interest rate may be adjusted if the auctioneer can prove that a higher rate or the buyer can prove that a lower rate is justified; the interest rate is at least 5% higher than the basis interest rate per year.If the buyer fails to pay promptly or does not take up the lots, the auctioneer is entitled to demand flat-rate damages of 25% of the hammer price in compensation for forgone commission and for expenses incurred unless the buyer can prove that there is no damage or that the amount claimed is excessive. The auctioneer reserves the right to claim higher damages subsequently.
7. The dispatch of knocked-down lots on buyer's request will be effected at his expense. The risk will be transferred to the buyer as soon as the goods have been handed over for dispatch to the post office or another dispatch service. The auctioneer offers a transport insurance, the costs of which have to be born by the buyer.
   Insofar as an export permit under the Cultural Property Protection Act (KGSG) is required for the shipment of cultural goods (in particular coins) abroad, any official delays or the refusal of the permit do not release the buyer from his obligation to take delivery and pay the purchase price in due time.
8. All lots may be viewed and checked before the auction. Descriptions in the catalogue do not mean guarantees for quality and condition. The auctioneer is not liable for any defects of the items. He commits himself, however, to transmit without delay complaints about defects to the consignor. In case of reversed transaction the auctioneer will reimburse his commission to the buyer; any further claims to him are excluded.
   Claims relating to obvious defects must be received by the auctioneer within ten days of handing over or delivery. The auctioneer is entitled to require the buyer to obtain at his expense reports from two independent experts that substantiate the claims.

No claims of any sort, in particular relating to quality and quantity may be made in respect of collections, accumulations and other large lots. Unless stated otherwise, quoted catalogue values are not binding. Lots already stated to contain faults cannot be returned by reason of further small faults. Defects which can be seen from illustrations (margins, perforations, cancellations, centering etc.) cannot be subject of complaints.

No complaint will be considered if lots or stamps have been altered. Alterations include removal of hinges, hinge remainders or paper adhesions, immersion in water, treating with chemicals and the addition (or removal) of marks of any sort.

If a lot is purchased subject to an expert opinion, the cost of which will be borne by the buyer, this expertising will be arranged by the auctioneer unless otherwise determined by the buyer.

With bidding for stamps which have already been expertised or for stamps with certificates, the bidder accepts the expert marks and certificates which are available for his guidance and inspection as decisive unless the bid is made subject to certification by any expert nominated by the bidder and approved by the auctioneer before the auction.

Stamps which are clearly established as forgeries may be marked as such by experts. The auctioneer is entitled to request the buyer to refer all complaints directly to the seller.

8.1. *Special Provisions for Coins, Medals, and Numismatics:*

a) Guarantee of Authenticity: The authenticity of the offered coins and medals is guaranteed up to the amount of the purchase price paid (hammer price plus buyer's premium). Should an item unexpectedly prove to be a forgery, the auctioneer's liability is limited to the refund of the purchase price upon return of the item in unchanged condition. Further claims are excluded.

b) Specific Defects in Coins: Catalogue descriptions and condition ratings represent personal assessments. Claims regarding defects in condition are excluded after the lot has been knocked down, unless they concern hidden defects (e.g., erroneously overlooked traces of mounts or frames, plugged holes, trace marks, or concealed rim flaws).

c) Condition Ratings and other descriptions, especially for coins and medals, represent the technical assessment of the auctioneer and do not constitute a contractual agreement on quality or a guarantee of a specific grading. A differing assessment or grading by third-party grading companies (e.g., PCGS, NGC, or similar companies) does not in itself entitle the buyer to lodge a complaint or cancel the sales contract.

d) Grading Services and Capsules („Slabs"): The auctioneer assumes no responsibility for auctioned items being accepted by external grading companies (e.g., NGC, PCGS) or receiving the same grade as stated in the catalogue. For coins in sealed plastic holder capsules („slabs"), no liability is assumed for hidden defects concealed by the capsule. Opening or damaging the capsule will void the guarantee of authenticity and any warranty.

9. *In addition, we reserve the right to make data on serious service disruptions (e.g. attempted fraud, failure of recognised claims despite two reminders of undisputed or legally enforceable claims) also accessible to third parties if this is in our legitimate interest to prosecute or protect the auction system from damage or if they prove a legitimate interest in this. These may be, for example, criminal prosecution authorities, credit agencies or other auction houses.*
10. *These auction terms also apply to subsequent sales after auction; the special provisions for distance sales do not apply.*
11. *Place of fulfillment for either party shall be Wiesbaden; any disputes arising shall be referred to the court having jurisdiction in Wiesbaden under German law.*
12. *No oral variations to these conditions are valid; all alterations or additions must be in writing.*
13. *Should one of the above conditions be unworkable in whole or in part, the validity of the other conditions will remain unaffected.*

Informationen zur Umsatzsteuer · *Tax (VAT) Information*

Umsatzsteuer in Höhe von 19 % auf unsere Provision und Nebenkosten (nicht auf den Zuschlagspreis) werden allen inländischen und EU-Käufern ohne UID-Nr. in Rechnung gestellt.

Lieferungen in Drittländer sind gegen Vorlage des Ausfuhrnachweises mit Angabe des Rechnungsbetrages von der USt. auf die Provision, auf Spesen und Losgebühr befreit.

Lieferungen an Abnehmer aus anderen EU-Ländern mit UID-Nr. erfolgen unter Anwendung des Reverse Charge-Verfahrens, d.h. die Provision, die Spesen und die Losgebühr unterliegen nicht der deutschen USt.; der Käufer ist in diesen Fällen verpflichtet, die USt. in seiner USt.-Erklärung in seinem Heimatland anzugeben.

Bedeutung von Kreis (○) und Punkt (•)

Bei mit einem Kreis (○) an der Losnummer gekennzeichneten Losen fallen zusätzlich zu der oben erwähnten Umsatzsteuer (19%) auf die Provision weitere 7 % Umsatzsteuer auf den Zuschlagspreis an. Diese 7 % USt. werden Händlern in der EU außerhalb Deutschlands mit einer UID-Nr. nicht berechnet.

Auch bei Käufern außerhalb der Europäischen Union entfällt die Berechnung dieser USt., sofern der Export der Ware mit Angabe des Rechnungsbetrages nachgewiesen wird. Im Inland ansässigen Händlern mit UID-Nr. wird diese USt. zwar berechnet, diese kann jedoch im Rahmen der Umsatzsteuererklärung als Vorsteuer geltend gemacht werden.

Bei mit einem Punkt (•) an der Losnummer versehenen Losen fallen 7 % Importspesen (nicht abzugsfähig) auf den Zuschlagspreis an. Dies gilt für ALLE Käufer (ob in Deutschland, der EU oder außerhalb der EU ansässig).

19 % Value Added Tax (VAT) on commission and expenses (not on the hammer price) will be invoiced to all domestic buyers and all buyers from EU countries without EU VAT-ID number.

Supplies to non-EU-Member States are exempted from VAT on commission and expenses upon presentation of proof of export including the total invoice amount.

Supplies to EU customers outside Germany holding an EU VAT-ID underly the "Reverse Charge System", i.e. for commissions and expenses the German VAT does not apply; the buyer is obliged to report the respective VAT in his/her VAT declaration in his/her home country.

Meaning of circle (○) and dot (•)

For lots marked with a circle (○) next to the lot number, an additional 7 % VAT on the hammer price will be charged. This charge does not apply to dealers outside Germany and within the European Union with a turnover tax identification number.

Nor does this tax apply to buyers outside the European Union. In these cases we must prove the export of the material reporting the total invoice amount.

For lots marked with a dot (•) next to the lot number, 7 % import charges (not tax, non deductible) on the hammer price will be charged to ALL buyers (from Germany and within and outside the European Union).

WICHTIGE INFORMATION:

Lose ohne Kreis (○) können normalerweise in die Differenzbesteuerung eingebracht und weiterverkauft werden. Dies gilt auch für die Lose mit einem Punkt (•).

Die MwSt auf die Provision darf für Händler mit Vorsteuerabzug in der Regel als Vorsteuer geltend gemacht werden. Für verbindliche Informationen konsultieren Sie Ihren Steuerberater.

IMPORTANT INFORMATION:

All lots without a circle (○) can be sold in the margin scheme. This normally also relates to the lots with a dot (•).

The VAT on the commission and expenses can possibly be subject to refund by the German tax authorities. For further information please consult your tax advisor.
